

$1+2+3+\dots+10 =$

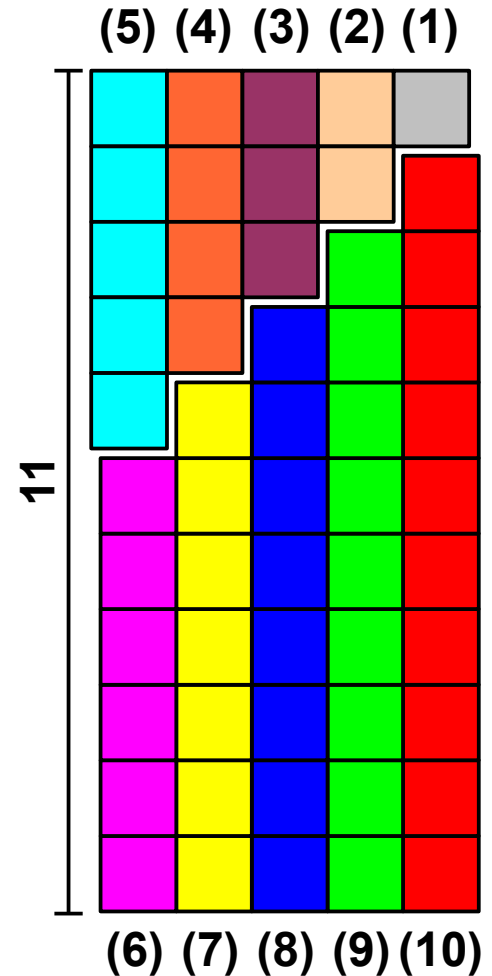

www.schulabakus.de

(1) (2) (3) (4) (5) (6) (7) (8) (9) (10)

$$1+2+3+\dots+10 = 5 \times 11$$

Lösung nach der
Gauß-Anekdote

www.schulabakus.de

$$1+2+3+\dots+10 = 5 \times 10 + 5$$

Lösung nach Alcuin
„*Propositiones ad acuendos iuvenes*“
Aufgabe 42

www.schulabakus.de

$$1+2+3+\dots+10 = \frac{10 \times 11}{2}$$

$$1+2+3+\dots+n = \frac{n \times (n+1)}{2}$$
